

EXPLAINS START OF ASSOCIATED PRESS IN TALK

Stone Says Country Now Freed from News Agencies

MINNEAPOLIS, Minn., Feb. 15. (AP)—Organization of the Associated Press in 1893 freed this country from the "menace" of privately controlled news distribution agencies then operating, Minnesota Editors were told here tonight by M. E. Stone, counselor of the Associated Press.

Addressing members of the Minnesota Editorial association at a banquet given by the Minneapolis Journal, Mr. Stone, who was general manager of the Associated Press for 25 years, formed as "the revolution of 1893" the action of Western Editors in forming the cooperative news-gathering association.

"When in this country," Mr. Stone said, "we speak of the revolution, of course we refer to the contest which began at Concord Bridge and ended at Yorktown. Little more than a century later there was another revolution in our land which seems to me to have been also of distinct consequence."

"Government control of the press was universal through the world for many centuries and the first clause in our bill of rights was broken down in this country we did not appreciate that private control was no less malignant than government control."

"If it were desirable that the governed populace of our republic should be intelligent, it was all important that there should be an honest, impartial news service. The gathering and distribution of news however, had been from the beginning under private control. In the forties a few of the New York journals organized a little company called the Associated Press and its news they sold to the papers in the hinterland as these papers developed. It was a closed corporation."

"As time went on and the newspapers in the back country increased, small tribes of organizations were formed. In 1892 this central group of newspapers in New York passed under the control of three men—one a Chicago banker, another a telegraph operator and the third a business manager of a New York paper. These men were responsible to no one and were bent on money making. The menace was obvious. Not only were the newspapers dependent on the caprice or worse of these men, but away beyond that the public was subject to any sort of misinformation."

"This was the immediate cause of the revolution of 1893. It began in Chicago. The newspapermen served by the Western Associated Press, mindful as well of our public duty as of our private duty, revolted against this sort of control. There followed a struggle of four years duration. It was a bloodless contest, yet none the less revolutionary."

"The western men set out to form a national organization, refusing any arrangement with subordinate associations. It was to be an association that should wrest the whole business from the hands of profiteers and place it in the hands of a purely cooperative organization—an organization that should sell no news, make no profits, declare no dividends, but should be the agent or joint reporter of its members."

"It was believed that if the people of the country were capable of self government, a presentation of the facts would enable them to form their own opinions. Therefore, any attempt to introduce opinion upon any event was strenuously for bidden."

"There are about 1300 daily newspapers in the organization. They represent every conceivable point of view respecting politics, religion, economics. However, prejudiced these members are, they are one in their desire and demand that their organization furnish unbiased news and do it as truthfully as human frailties will permit."

"The privately owned organization went down in defeat and in bankruptcy in 1897. The wisdom of the plan of the founders of the Associated Press in refusing to deal with tributary or sectional organizations was apparent. The bitterness growing out of our civil war had not altogether disappeared. But in the year, under the revolutionary body the Yankee editor and the rebel editor met they saw that neither was as bad as he had believed."

"To those of us who have been engaged in the work, it seems strange that there should be any doubt as to either its usefulness or its integrity. All of its activities are carried on in the open."

ANDERSON'S COUNSEL FILES REQUEST FOR ADDITIONAL HEARING

Justice Wagner Will Hand
Down Decision Next
Wednesday

NEW YORK, Feb. 15.—The application of Charles S. Whitman, counsel for William H. Anderson, former state superintendent of the Anti-Saloon League for a certificate of reasonable doubt in the recent conviction of Anderson on a forgery charge was argued today before Supreme Court Justice Wagner, who will hand down his decision next Wednesday.

Anderson was sentenced last Friday by Supreme Justice Tompkins to serve from one to two years in Sing Sing prison.

Mr. Whitman contended that the district attorney failed to show that the Anti-Saloon League itself had been injured by any false entry Anderson may have made in a book of account.

Justice Tompkins, Mr. Whitman declared, refused to charge the jury to this effect. Replying to an application of the defendant's counsel for such a charge, the court had said, Mr. Whitman continued, that he had instructed the jurors that if intent to defraud was shown it made no difference whether the injury was to the league or to anyone else. This, Mr. Whitman declared, was reversible and was of sufficient ground to justify a reversal of the conviction.

The verdict, he said, was a general one of guilty, and included both or either count of the indictment, if either were sustained by evidence.

The stay of execution granted by Justice Tompkins was continued pending the decision by Justice Wagner. If the motion is lost Anderson may be ordered to prison immediately.

STOPS PREPARATIONS FOR POLAR TRIP BY SHENANDOAH AIRSHIP

President Coolidge Wants
Approval of
Congress

WASHINGTON, Feb. 15.—President Coolidge today ordered preparations for the naval North Pole expedition suspended. By direction of the president, Secretary Denby sent out orders bringing all preparations for the flight of the Shenandoah to a halt, and suspending some form of congressional approval of the project.

A white house spokesman intimated that if such approval was forthcoming preparations would be resumed immediately. Naval officials were frankly doubtful, however, that they could obtain congressional sanction in time to carry out the flight this year.

At the white house it was said that the president in view of congressional opposition to the flight believed it wise to await action by that body to show its approval of the expenditures necessary to carry out the plans.

The white house explanation suggested that a request had been submitted for authority to spend \$400,000 on the polar expedition. The pending naval bill, now in the house, contains no item of this character, however, nor was it clear to what specific authorization the white house spokesman had reference.

There have been instances of opposition to the flight being voiced in the senate and house but no definite movement has been apparent in either house.

ONLY ONE PRIMARY BALLOT CAN BE USED

Springfield, Ill., Feb. 15.—Only one primary ballot for each party in the primary April 8 can be used, according to an opinion given out today by Attorney General Brundage. The question arose when a number of county clerks sought to have one primary ballot printed for president, delegates and alternates to national conventions and the other for state and district officers. Attorney General Brundage declared the legislature did not contemplate holding two primaries on the same day, requiring separate ballots and separate returns.

SURTAX RATE OF 35 PERCENT IS REPUBLICAN AIM

Democrats Will Uphold Amendment at 44 Per Cent Rate

WASHINGTON, Feb. 15.—Republican house leaders definitely agreed today to make a stand for a maximum surtax rate of 35 per cent instead of the Mellon rate of 25 per cent reported by the ways and means committee.

At the same time they laid plans for a fight to the finish on the maximum surtax rate of 44 per cent as well as the normal income rates, proposed by the Democrats. While the house was spending another day in discussing the revenue bill, Representative Longworth, the party leader, held a conference with about ten others, directing the Republicans' campaign. Afterwards it was announced that no attempt would be made to obtain a vote on the 25 per cent surtax maximum when a showdown comes next week on the income tax schedule.

Instead the Republicans in making a stand for a 35 per cent rate as a compromise will endeavor to so shape the situation that a vote on such a proposal will come before the Democrats can force a roll call on their recommendation that surtaxes range upward to 44 per cent.

Republicans and Democrats alike agreed today there was no possibility of a favorable vote in the house on the Mellon surtax rate. Some Republicans expressed confidence that the 35 per cent maximum could be put through.

Democratic leaders are confident that, with the aid of certain Republicans they can write their own schedule into the bill. The tax bill as it is passed by the house will be the Democratic plan. Representative Garrett, Democratic leader, predicted.

JAPAN LOAN IS OVERSUBSCRIBED

NEW YORK, Feb. 15. (AP)—Heavy over subscription of the \$150,000,000 Japanese loan was announced today by J. P. Morgan and Co., head of the nationwide banking syndicate which made a public offering of the bonds. No estimate of the total of excess orders was obtainable, but it was said that subscriptions for the \$25,000,000 worth of bonds offered in Holland numbered several times that amount and that a heavy volume of orders came from Switzerland and Sweden.

Allotment of the bonds probably will be announced tomorrow or Monday it was announced at the Morgan offices. Industrial organizations were heavy subscribers, orders for \$1,000,000 of bonds coming from the United States Steel corporation, General Electric, Standard Oil company of New York and Gillett Safety Razor company.

COUNTERFEIT PLOT NIPPED IN THE BUD BY ARREST OF TWO MEN

Thousand Dollar Treasury
Notes Denomination
Used

WASHINGTON, Feb. 15.—A nationwide conspiracy to make and distribute counterfeit treasury notes of \$1,000 denomination has been nipped in the bud, according to secret service operatives, thru the arrest of James C. Houghton, employee of the Bureau of Engraving and Printing, and Curt Jacobson of New York.

Jacobson and Houghton, both charged with conspiracy to counterfeit, were arraigned before United States Commissioner Macdonald today and held for the grand jury. Houghton furnished bond of \$5,000, and was released, but Jacobson tonight had failed to obtain his surety, fixed at \$10,000. A number of arrests in other cities in connection with the alleged conspiracy are predicted within the next 48 hours.

"RED" GRANGE GIVES GOOD ADVICE TO BOYS

CHICAGO, Feb. 15.—"Cheer up, boys, in an athletic game you always lose. Harold 'Red' Grange, University of Illinois all-American halfback and leading scorer of the Big Ten in 1923, tonight told 400 boys, attending a boys' round up of the Y. M. C. A., here. Grange spoke on "the place of athletics in the life of a boy."

He told the youngsters from the stores, banks and factories that every American boy should try out for some form of sport for physical development as well as fun, even the boy had to work while others were able to go on to school or college, physical development, he said is the basis of all success in business.

"You can't win out in athletics by simply wishing you were an athlete but by just getting out and digging," he said.

George Sooy made a business trip to the city from Murrayville Friday.

Vermont Senator Shot In Bootlegger Battle

WASHINGTON, Feb. 15.—Frank L. Greene, senior senator from Vermont, was shot and seriously wounded here late tonight during a pistol duel between prohibition agents and bootleggers.

The bullet struck him over the left eyebrow and surgeons at the hospital to which he was taken immediately were unable to determine whether it had lodged in the brain. Senator Greene was conscious, however, and this was viewed as a good sign.

Senator Greene and Mrs. Greene were walking west on Pennsylvania avenue near the capitol when the gun battle started. More than a dozen shots were exchanged but no one else was injured. The senator was wounded while trying to shield Mrs. Greene in the hail of bullets.

Bystanders told the police the shooting had barely begun before Senator Greene fell. They rushed to his aid and placed him in an automobile which hurried to a hospital. The bootleggers, who were in an automobile, escaped, but the police held O. E. Fisher, a prohibition agent, who said he had fired four shots.

No charge was lodged against Fisher, altho he was detained pending a more complete investigation. The bootleggers, according to the police, were surprised by the officers in an alley opening on the avenue while they were unloading a still. Shooting began as soon as the agents drove up in an automobile.

With the first shot, Senator Greene jumped forward to protect Mrs. Greene and was himself almost instantly shot down. Senator Greene is serving his first term in the senate, but before his election to that body he saw ten years service in the house. He is 54 years old.

TWO OPERATORS HOLD OUT FOR SHORT TERM IN WAGE AGREEMENT

Conference Adjourns Until
Monday to Settle
Question

JACKSONVILLE, Feb. 15. (AP)—Operators of Illinois, Rice Miller of Hillsboro and H. C. Perry of Chicago, were the only members of the miners and operators' wage conference who still held out tonight against a long term contract for miners of the Central Competitive Bituminous Field.

Following adjournment of the conference until Monday this afternoon representatives of the Western Pennsylvania district announced they would vote for three years after having made efforts toward such a deal, then the five days of the conference.

This is believed virtually to assure a unit vote for a three year contract as the experience of former years has been that what three of the four states agree on generally forces the other into line.

Late tonight the Illinois operators announced they would meet probably tomorrow to outline their policy and decide definitely regarding a long term contract.

Although the miners have demanded a four year contract it is thought certain they will make a concession and agree to one for three years.

WILLIAMSON CO. MAKES MOVE FOR NEW CONDITIONS

Board Members Favor Removal of Galli- gan and Deputies

MARIION, Ill., Feb. 15.—After determining that it is important in the present crisis in Williamson county brought about by clashes between wet and dry forces, the latter headed by the Ku Klux Klan to bring about changed conditions, the county board adjourned today until next Thursday.

Board members said they favored removal of Sheriff Galligan and substitution of a new county policing force competent and neutral, but had no authority to ask for the resignation of the present incumbent.

The demand for changed conditions with sanity and conservatism, replacing radicalism and lawlessness was voiced before the county board of supervisors by a citizens committee of county board members themselves and a committee of citizens from Herrin and Johnston City.

The regime of S. Glenn Young, leader of prohibition raids, is at an end if county officials will enforce the law, board members said. Young is reported to be facing an indictment on ten counts under a capias said to be awaiting him from the recent grand jury. Bonds of \$20,000 will be demanded, according to a report from the sheriff's office.

The Klan is willing to cut off his salary, said to have amounted to \$7,000 if the laws are enforced and Sheriff Galligan said he was willing to do anything to bring about peace in the county. He said it would be inadvisable to retain John Kiman as a deputy and while stating he himself did not intend to resign at the present time, he admitted he would be willing to do so if he thought it would bring an end to the trouble.

A citizens committee, with representatives from the principal cities and towns of the county in attendance will meet tomorrow night to try to agree on a plan for rebuilding the civil law enforcement machinery. It was indicated tonight that the remaining troops here may be withdrawn soon.

The five remaining companies of the National Guard in Herrin and Marion still leave Sunday according to military headquarters at Herrin. These units are headquarters company, Carbide, Company K, Cairo; Company L, Salem; Company M, Mount Vernon; Company N, Paris.

Report at Herrin that Glenn Young is at Murphysboro, Jackson county preparing to organize the Klan for raids there are denied by Klan leaders here who say Young has gone to Washington.

Responsibility Rests With Citizens

Chicago, Feb. 15.—"A Cold shower of responsibility" is what Williamson county needs and will do it good, Major General Milton J. Foreman in charge of the National Guard units that have been on duty there declared here today upon his arrival with part of the troops from the trouble zone. "If troops have to go down there again, it will be the townspeople's own fault," he asserted. "The trouble with that community is that it hasn't apprehended that you can't have self constituted gangs going around carrying guns and enforcing their ideas on others without causing serious trouble. We will bring the rest of the troops out just as soon as we can."

HI JOHNSON SPEAKS ON TEAPOT SCANDAL

MAZTOON, Ill., Feb. 15.—Senator Hiram Johnson on his campaign tour for the Republican nomination for president thru Illinois this week, spoke here today after a brief stop at the agricultural situation and devoting a large share of his address to the Teapot Dome scandal.

He declared diversification, where possible, a higher tariff, lower freight rates all may be of some service but that of all plans submitted the McNary-Houghton measure now before congress offers the most hope to distressed agricultural sections.

Secretary Denby has outlived his usefulness and should be ousted from office, Senator Johnson asserted.

He denounced the Mellon tax plan as a smoke screen for the discrepancies in the administration's international relations.

PETITIONS FILED

Springfield, Ill., Feb. 15.—Petitions filed with Secretary of State Louis L. Emmerson today are as follows:

Representative in congress, 22nd district, Charles J. Metzger, Republican, Shobhon; Representative in general assembly, 28th district, John Clark, Republican, Decatur; and state central committee, 22nd district, C. H. Kunnemann, Republican, Napok.

BALLAINE SAYS FALL AND DENBY TRIED TO TRANSFER COAL LAND

Made Negotiations for Long
Time Lease of Fifty
Years

WASHINGTON, Feb. 15.—Initial steps toward a possible senate inquiry into the long fought Alaskan coal controversy were begun today after John E. Ballaine, of Seattle and Alaskan railroad construction had presented to President Coolidge charges respecting the transfer of the Matanuska Coal reserve from the navy to the department of the interior.

Mr. Ballaine in a lengthy letter to the president declared examination of official files would show that former Secretary Fall and Secretary Denby in July, 1921 four months after they had taken office began negotiations for the transfer of the Alaskan Coal reserve from the Navy to the interior department and for the leasing of that reserve for a period of fifty years. The negotiations and the terms of the lease of the Teapot Dome oil reserve.

The Alaskan railroad man explained that the lease was never consummated but declared that the department of the interior upon taking over mining operations in the Matanuska field suspended mining operations and that the navy department had refused to allow the Alaskan coal on the Pacific Coast altho it had been shown to be cheaper and better, he said.

Submission by Mr. Ballaine of his charges to the president was followed by preparation of Senator LaFollette, Republican, Wisconsin, of a resolution for certain records relating to the inter-departmental transfer of the Alaskan coal reserve.

Mr. Ballaine's letter as presented today at the white house is supplemented to a previous communication alleging attempts by certain interests to throttle the Alaskan railroad and asking appointment on an impartial board or commission by the executive to inquire into such attempts.

POVERTY DRIVES MAN TO ATTACK FAMILY AND COMMIT SUICIDE

Green Valley Farmer Man-
gled Four While
They Sleep

PEORIA, Ill., Feb. 15.—Poverty that for months had been encroaching on the happiness of himself and his family today drove Edward A. Farmer, living near Green Valley, Ill., insane and led him to commit suicide after he had attacked his wife and three children with an axe while asleep.

While the body of Ary dangled at the end of a rope fastened to the branches of a tree in a grove near the farm, neighbors came to the aid of the victims of the attack. Farmer, aged 38 years, is in a hospital at Peoria and physicians say they hold little hope for his recovery. Gladys, 14, was wounded by a blow from the axe and the farmer's wife was knocked unconscious in the struggle to wrest the weapon from her husband's grasp.

Emma, two years old, the youngest child, suffered a deep gash in the forehead. Her condition is serious.

WARREN MAY ACCEPT MEXICAN POST

Washington, Feb. 15.—Charles R. Warren of Detroit, former ambassador to Japan, after repeated declining appointment as ambassador to Mexico, probably will yield to the urgent requests of President Coolidge and Secretary Hughes and accept the assignment.

THE DAY IN WASHINGTON

The house agreed to take up the income rates in the revenue bill next Tuesday.

Charles B. Warren of Detroit it was indicated, probably will accept the ambassadorship to Mexico.

The North Pole flight of the Shenandoah was ordered held up by President Coolidge, pending information as to the attitude of congress on the plans.

President Coolidge was said to regard preliminary figures on the tariff commission's wheat investigation as indicating that wheat duties should be increased. The house immigration committee postponed a final vote on Secretary Hughes' protest of features of the peaking immigration bill.

The senate oil committee heard Frank Vanderlip disavow any actual knowledge in the Marion star story; received denials of the slush fund, rumor from two sources, approved appointment of Altee Pomerene and Owen J. Roberts as oil counsel and adjourned for ten days.

John E. Ballaine, Alaskan railroad constructor in a letter to President Coolidge declared Secretary Denby and Fall at one time entered into negotiations to lease the Matanuska Coal Reserve along the same lines as were followed in the Teapot Dome lease.

OIL COMMITTEE ADJOURNED FOR TEN DAY RECESS

Vanderlip Swears He Has No Proof for Statements Made

WASHINGTON, Feb. 15.—The senate oil committee took a ten days' recess tonight after receiving information which discredited two of the most sensational rumors which recently have come before it.

Frank A. Vanderlip, whose public references to the sale of President Harding's Marion Star had shocked the country told the committee he himself did not believe the rumors to which he gave circulation; had no facts to support them, and had made no efforts at verification.

Otto H. Kahn and B. F. Yokum who had been depended upon as principal witnesses regarding the story of a \$1,000,000 oil slush fund, notified the committee they had no knowledge whatever about it and were ready to say so on the witness stand.

The adjournment was announced after an executive session at the end of the day. It was explained that Senator Walsh, Democrat, Montana, the dominant figure in the pressing of the inquiry, found it necessary to be absent from Washington for several days.

Approve Counsel At this executive session the committee approved without a record vote the nominations of special government counsel in the oil cases—Altee Pomerene of Canton, Ohio, and Owen J. Roberts of Philadelphia.

The fight on Mr. Pomerene, will be taken to the senate floor. It is believed, Senator Dill, Democrat, Washington who initiated it said he would ask for consideration of the nomination in open legislative session and had assurance that his request would be granted.

After it had finished with Mr. Vanderlip, the committee received a statement from Louis H. Brush, one of the purchasers of the Marion Star, that he and Roy D. Moore alone had bought the paper and that every cent that went into the treasury was their own. "The committee did not even think it necessary to question him."

George K. Thomas, secretary of the Pioneer oil company testified that he had been advised a month before he had that Harry F. Sinclair would get the lease of Teapot Dome and that it was on the basis of this information that Sinclair was induced to agree to pay the Pioneer and Belgo Oil companies \$1,000,000.

A move to open a new avenue of investigation into the official acts of Secretaries Denby and Fall will be made tomorrow in the senate with the offering of a resolution by Senator LaFollette, Wisconsin, author of the oil resolution. This will have to do with charges laid before the president today that in July, 1921, Fall and Denby began negotiations looking toward the leasing of the Matanuska coal fields in Alaska on the same basis as the oil leases subsequently were made.

Vanderlip on Stand Mr. Vanderlip was on the stand today a little less than two hours and was subjected to one of the most merciless cross-examinations of the whole investigation. He was asked repeatedly why, with out any facts upon which to base them, he had given circulation to such rumors about the dead president and always his reply was that he regarded it as his "patriotic duty" to bring the rumors into the open in the hope of scotching them.

At the outset Mr. Vanderlip told the committee that he had stated emphatically in his address that he knew nothing whatever about the facts upon which the rumors were predicated. He denied that he had circulated a scandal, arguing repeatedly that what he had done was to bring to light the rumors current in Washington and New York and over much of the country. Committeemen differed vigorously with the witness as to his conception of what constituted a "patriotic duty," particularly with respect to circulating rumors about a dead president.

DIAMOND CONVICTED FOR MURDER OF TWO

A THOUGHT

Behold also the ships, which though they be so great, and are driven of fierce winds, yet are they turned about with a very small helm, whithersoever the governor listeth.—Jas. 1:6

We have more power than will, and it is often by way of excess to ourselves. What we fancy things are impossible.—Rochester.

One indication of the improved conditions relating to farming and livestock industry is the demand for dairy cattle. Prices have increased steadily during recent months for both grade and purebred stock. In the past year Wisconsin alone sold nearly 50,000 grade dairy cows. The strong prices for dairy products no doubt influence the livestock demand.

Mr. Vanderlip's influence, which cast suspicion upon the sale of the Marion Star by the President Harding, has been the cause of the loss of the paper. When called before the senate committee Mr. Vanderlip freely admitted that he had no evidence to give on the subject, and had merely mentioned the matter so that it would be dragged out into the day light and put on end to whisperings.

BIG DOINGS
NEA

If you want a few chuckles, turn back 44 years in the newspaper files and read what the people of 1880 were most interested in.

In March of that year, we find: "Dennis Kearney, the sandlot agitator of San Francisco, is sentenced to six months' imprisonment and to pay a fine of \$1,000 for disturbing the peace and using language tending to incite riots."

Times haven't changed much. "Agitators" are nothing new. Every generation that ever lived has had its agitators, preventers of stagnation.

Nor has human nature changed. New and in recent years Americans have been sending relief funds to starving Germans, Russians and others.

In 1880 the Khedive of Egypt shipped a huge obelisk (like a tall stone monument) to New York, a gift. The obelisk set the whole country talking. For Egypt was as mysterious and fascinating then as it is now when American and British scientific grave-robbing are prowling in the tomb of old King Tut.

A national election in 1880, with the usual conventions of Republicans and Democrats. The campaign was very hot, the voting close. People took politics more seriously in those days, marching in long processions with red-fire torches.

The matter of a third term for presidents still excites the nation periodically. We find Republicans holding an Anti-Third-Term convention at St. Louis in 1880 to head off the renomination of General Grant, who'd already served two terms.

Prohibition is a big issue in 1924. It was an issue though of less importance in 1880, when the prohibitionists held a political convention in Cleveland and nominated Neal Dow of Maine as their presidential candidate.

American bicyclists held their first national meet in 1880, at Newport, R. I. 160 racing riders participating.

Dr. Henry S. Tanner of Minneapolis fasted for 40 days, living on water alone.

Any of these events of 1880, barring the bicyclists, might just as well happen in 1924. Actors, scenery, costumes and "stage props" change, but the plot of life is about the same in one generation as in others.

"The Wanters"

the play of the luxury lovers

Who are the wanters? The world is full of them. Some want clothes and jewels and happiness. Others have that happiness and still want something else. There are wanters who want high life; others money; some a big's kiss; a mother's caress. All the wanters, their desires, their ambitions, are pictured in a drama that never lets up. It keeps your attention on the screen to the very end because it's convincing.

THE REFURGE

By Albert Apple

Alkie?

Guinea pigs kept in a room with light-colored walls grew fat. Others, in a room with dark walls, grew thin. So scientists of Smithsonian Institution announce that the color of wallpaper may affect one's weight. Admittedly, "Cheerful" colors calm the nerves, aid the stomach and other organs, and indirectly store fat under the skin for emergency, like food in a pantry.

But we wish the scientists would take a day off and tell us why they are forever experimenting on guinea pigs to learn what would or not happen to people. Is the guinea pig, instead of the monkey, our first cousin?

The most powerful nerve stimulants and sedatives, over a long period of time, are colors, an expert claims. It's said that a man confined in a purple room with his body stained purple, no other color for his eyes to see, will go crazy in a matter of days. An environment of blue causes melancholia, brooding. Red angers.

The most soothing color is green. That's why nature employs it universally in vegetation. Also why eyeshades are green. When nervous, relax and gaze at grass or trees—even a strip of green cardboard may help.

Here is one more of many indications that the business outlook is good: Railroads, so far this year, have been moving considerably more freight than in the corresponding period of last year or the year before. This means that merchants, manufacturers and builders are preparing for a busy spring. There'll probably be plenty of money circulating. But most of us will have as hard a time as ever, carrying our share.

We're steadily making headway with our campaign to get more of South America's orders in the world market. Figures just announced show in 1923 our country sold South America 269 million dollars worth of goods, compared with 226 millions the year before. Optimists will see in this a big gain. Skeptics will wonder how much of the gain represents higher selling prices instead of larger orders.

Boomerang
While we're gaining in sales to South America, it's rather disconcerting to learn that South America is gaining even faster in its sales to us.

We bought, from her, nearly 457 million dollars worth of exports in 1923, or almost a third more than the year before. For every \$269 worth of goods we sold South America, she sold us \$467.

Courage
News pictures show Miss Bird Millman starting New Yorkers by a toe dance on a tight wire 26 stories above the street. Few of us would walk on that wire for a million dollars. All of us would try it if the wire were only a foot above ground—and we wouldn't fall.

Courage and fear are largely matters of self-confidence. The very confident man frequently gets the laugh, but the odds are in his favor in the battle for success. Most people underestimate their power and naturally don't surpass their estimates of themselves.

S. S. ATTENDANCE CONTEST RULES

Men's Federated Church Club Plan is Interesting Schools of County.

Among the activities of the Men's Federated Church a Sunday School attendance contest among the Mens and boys classes was inaugurated, and definite rules and regulations were laid down to govern which were sent to every superintendent of Sunday School in the county, numbering altogether 65.

There seems now from all reports coming in that some do not have a right understanding of how the average should be arrived at. So that all may know and have an equal fair chance to win the silver cup the committee writes as follows: "We urge all competing for the prize to send by mail or by personal representative to the meeting on February 13, at Centenary Church, a report of all mens classes and boys of 15 years or over figured on the following basis: From your records determine the average attendance per Sunday of the competing class from July 1st, to Dec. 1st, 1923, a period of five months. Then determine your average attendance per Sunday for the same class for the month of January 1924. The class whose average percent for Jan. shows the greatest gain in percent over the five months average, shall be the winner."

"To avoid possible errors it would be well to send the figures for your attendance, this will give us a chance to correct any possible errors in figuring the different averages and percentage of gain. Our purpose is to get the men and boys lined up as they should be for the Sunday School and Church work for there is such a great need for their assistance and influence. This leads us directly into the personal work campaign for the Union Revival from which we are planning a great ingathering of souls into the Kingdom and members into the church."

WINCHESTER FUNERAL

LARGELY ATTENDED

Remains of Late Mrs. Alonzo Dill Laid to Rest Friday Afternoon—Other News.

Winchester, Feb. 15.—The funeral of the late Mrs. Alonzo Dill was held at 2 o'clock Friday afternoon from the Presbyterian church. The auditorium and Sunday school room were completely filled with relatives and friends of the deceased, who was one of the well known residents of the community.

The church choir sang as an offering number "Holy Ghost With Light Divine." Rev. W. F. Gibson of Sorento, a former pastor of the deceased, then offered prayer and read the obituary sketch, closing with a fitting tribute to the life of Mrs. Dill.

After another number by the choir, "Jesus Lover of My Soul," the Scripture lesson was read by Rev. O. W. Lough, who delivered a very impressive sermon.

The closing hymn was "Blest Be The Tie That Binds." The many beautiful floral tributes were cared for by Mrs. Joseph Patrick, Mrs. Lee Overton, and Misses Amelia Hieronymus and Dovie Haskell.

The church the remains were borne to Winchester cemetery where interment was made. The pall bearers were Fred Neat, Robert Sperry, Ray Nelson, Guy Paul, J. W. Kellem, and James W. Smith.

Mrs. Dill was united with the Presbyterian church in the year 1897 and was faithful in her religious duties, ever ready to answer every call that came for help from the church that she loved. She will be greatly missed from the home, the church and the community.

News Notes
Allen Drannon, who has been working in the dry goods department of the Hainsfurther store, has returned to White Hall and later expects to go to Johnston City, Tenn., to take a position.

Leo Quinn has taken a position in the dry goods department of the Hainsfurther store.

The Odd Fellows and their families enjoyed a delightful evening Friday in their hall. The company was first entertained by the children of the families represented, who gave a program of readings and music of great variety and excellence. Later came a district school by the older members, which was hugely enjoyed by all present. Those participating appeared in old time costumes, thus adding materially to the interest. One feature of the evening's program was a Barney Google race and this was the cause of much merriment. George J. Peak acted as judge for this event. Refreshments were served at a late hour.

DEATHS

Whitlock
Edward Whitlock, long time resident of Morgan county, died Thursday afternoon at 2:30 o'clock at Oak Lawn Sanitarium, where he had been under treatment for several weeks. He had been in failing health for several years.

Mr. Whitlock was born near Waverly March 6, 1871, the son of Simpson and Elizabeth Whitlock. He was united in marriage to Louise Causey in 1896 and she with one son, Claude and one daughter, Florence, both of the Waverly community survive. He also survived by two brothers, Jack of Meredosia and Henry of Murrayville.

TO PUT DOWN MORE WATER MAINS HERE

Resolutions to proceed with the laying of water mains on West North street between West and Church streets and in Park Place, were passed yesterday afternoon by the Board of Local Improvements following public hearings. Little opposition developed at these sessions, and the board was encouraged to proceed with the work.

Boulevard lights will be installed on East State street between the square and the railways in the near future. A hearing held recently cleared the way for this improvement. Practically no objections were raised at the hearing.

daylight, under a blazing sun. There are to be no more. The news which it furnishes to the newspaper membership is furnished in the phrase of Mr. Lincoln, "with malice toward none and charity for all."
"There has been no trick about business. For over thirty years directors have come and gone, lived and died. They have been of every conceivable religious, political and economic affiliation. Yet all of them have borne their part in the effort to make the Associated Press worthy of public confidence as a source and distributor of truthful and unbiased news."
"And yet in Mr. Bright's words, 'there has been no want of ample criticism.' Criticism good and bad and indifferent. Some times amusing, sometimes irritating. Maltreated and untruthful criticism, which is not hurtful because in the words of the president who died the other day 'the truth will prevail.'"

aimed both at its form of organization and its method of operation. For instance, it is only charged by an officer of the Ku Klux Klan that it is controlled by Jewish influence or that it is pro-Yankee in the tendency of its news service. It can hardly be necessary for me to say that I am neither a Jew nor a Catholic. On both my father's and my mother's sides I come from a long line of Methodists. "While I trust every one connected with the organization approves with the first article in the Bill of Rights adopted by our forefathers assuring freedom of worship in this country, and while in the past thirty years at least five directors have been elected every year—the board consisting of fifteen members—it happens that one Jewish gentleman alone is or ever has been a member of the board. And as members in all the thirty years, I think it is true that there never have been more than two members of the Catholic church on the board at any time and not half a dozen altogether. I am making this statement not because anybody that I know of has even undertaken to determine the religious beliefs of the members of the board as a ground for judging their qualifications. But as an illustration of the false charges made against the institution.

"It may also interest you to learn that by actual investigation in the thirty years that have passed, although thousands of words have been sent out daily, and although there are thirteen hundred daily newspapers printing its dispatches, the total cost of lawyer's fees and all other payments incidental to libel suits have been less than the cost of the lead pencils used in the service. This must be some proof that accuracy is earnestly sought.

"I do not pretend that the Associated Press is perfect. Absolute infallibility is impossible. The frailties of human nature attach to its work as they do to others, but this much is certain, that it is not intentionally untruthful."

NEW ORCHESTRA GIVES MUSIC AT ARENZVILLE HOP

Arenzville, Feb. 15. The masque dance which was given at the Cagle hall Wednesday evening was a complete knockout in the way of a success. The affair was promoted by the Arenzville orchestra and several of the young people of the community. Two prizes were awarded to the best masked pair, this honor going to Mrs. Mike Saide and Mrs. William Briggs. There was such a large crowd present that the hall was taxed to capacity, but everyone had a wonderful time. This is the second dance which has been given by the orchestra band, which consists of some twelve pieces and can put out some real dance music. The musicians were directed by Dr. Yeck, their instructor.

Meadames Raymond Beard and Etta Springer and Miss Alma Williamson were hostesses at a miscellaneous shower, given at the home of Mrs. Lee Board Tuesday afternoon in honor of her daughter, Mildred, who is soon to become the bride of Bert Kolberer. A number of ladies were present and the hours from 2 to 5 p. m. were very pleasantly spent.

Box Supper and Play.
The Buck school, near Arenzville, is announcing a box supper and play which is to be given at the school Friday night. According to the program those who attend will not lack for amusement. The play to be presented is one typical of farm life and for an additional attraction there will be a number of guessing contests. The play offers a cast of twelve characters who are residents of the Buck school vicinity.

Mrs. E. H. Cize was hostess to the ladies of the W. F. M. S. of the Methodist church at her home Thursday afternoon, it being their regular meeting.

Lyman Peck had business in Beardstown Tuesday.

Miss Sadie Kleker was a guest of Beardstown friends Monday night.

Sam Gill spent the first of the week at his home in Virginia.

Mrs. H. C. Lovekamp returned home Monday after a short visit with relatives in the Joy Prairie neighborhood.

LONDONERS LOSE CURIOUS ARTICLES
London, Jan. (AP)—Londoners are becoming more absent minded and leave their property about in taxicabs, buses and trams carelessly than ever. The lost property office at Scotland Yard last year handled over 100,000 articles, valued at about \$500,000, which had been left in public vehicles.

Although the property consisted mostly of umbrellas, canes, and handbags, the finds included snakes in spirits, typewriters, cameras, an elephant gun, sewing machines, a monkey and a centipede.

Cheapness Seldom Brings Satisfaction

There are so many ways of electrical work may be skimped by unreliable workmen that for your own protection you should see that your wiring is done by a thoroughly reliable firm. True, the insurance inspection protects, but perhaps it has not occurred to you that the standard set for electrical work by the underwriters is the lowest grade which they will pass. Our policy is not to see how close we can come to this minimum and "get by," but rather to give you better work than absolutely required.

TOO MANY JOHNSONS
Moline, Ill. (AP)—Duplication of names in Moline high school has become so serious that many pupils bear both the same given and surnames, and teachers are often at their wits' ends to avoid mixed identities.

Among the Johnsons, of which there are twenty-three there are: three Harrys, two Evelyns, two Harolds, two Kenneths, two Margarets, two Pauls, two Richards, two Violets, two Wallaces and two Willards.

Other students who bear duplicate names are found among the Andersons, Carlsons, Enstroms, Larsons, Nelsons, Olsons, and Petersons.

The army rule of "first name, middle initial and last name," has been adopted, and where the duplication is too general the students are being asked to part their names in the middle and on the sides to avoid serious confusion among the Swedish students grades, recitations, classes and personal belongings.

CHILD WELFARE DEPARTMENT OF CLUB CONVENES

Waverly, Feb. 15.—The Child Welfare Department of the Waverly Woman's club was entertained Tuesday afternoon by Mrs. F. W. Crum. The program was as follows:

Roll Call How to Save.

Paper, "Farming and Saving as Factors in the Development of Character"—Mrs. W. R. Turnbull.

General Discussion on Allowances and on Paying Children for Their Services.

"What Are You Worth?"—Mrs. C. F. Teale.

A Life of Business and the Lessons of Life—Mrs. Fred Harnay.

"Henry Clevs, A. L. Dohme, Marshall Field"—Mrs. Robert Elter.

J. M. Sims sold his livestock and farm tools at public auction Wednesday at his farm south of town.

The senior class of the high school is making a thorough canvass taking orders for their new annual "The Wave" which they are busy preparing and it will be ready for distribution about the first of May.

Mrs. D. A. Sevier has been numbered among the sick the past few days.

C. F. Wemple made a business trip to the county seat Tuesday.

The Music Department of the high school is preparing a concert program to be given at the high school auditorium next Monday night, under the direction of Mrs. Wilson M. Smith, head of the department. The program will be in three parts; the band with three concert numbers under the direction of Fred W. Goodrick, of Jacksonville, also cornet and saxophone solo; the second part will be selections by the girls' chorus, also a vocal solo, duet and trio; the third part will be given by the orchestra, and also violin, clarinet and piano solos and a piano duet. The proceeds of the entertainment will be used to buy the band horn for the band. It is anticipated that a large crowd will attend this program.

Forest Man-field will hold a public sale at his farm southwest of Waverly on Thursday.

Several in this city heard Alfred Hughes play four violin solos over the radio last Friday night from the broadcasting station at Cincinnati.

It was quite an accident that his mother turned in and heard him, not having been apprised of the fact that he was going to play. Alfred is a member of the Cincinnati Symphony orchestra.

Mrs. Bird Peckles has returned to her home in Carlisle, after making a visit with relatives here.

Jesse Samples has returned to St. Louis, after a week's visit with his family here.

Bert McCracken of Beardstown was a caller in the city Wednesday.

Mr. and Mrs. Albert Conlee and family of Girard made a recent visit with his mother, Mrs. J. A. Conlee.

C. A. Carter of East St. Louis made a short visit recently with his parents, Mr. and Mrs. C. A. Carter.

Kenneth Deatherage came down from Springfield last week for a brief visit with his aunt, Mrs. Wes Keplinger.

Mrs. Lyle Dennis and children of Edwardsville were recent guests of her mother, Mrs. W. B. Curtiss.

Dr. Paul Allyn arrived home last Friday from New York, where he had spent the past three months taking a post-graduate course in medicine. He also studied in Chicago prior to going to New York.

Robert Deatherage of Minneapolis, Minn., made a short visit last week with his mother, Mrs. Frances Deatherage and other relatives, going on a business trip to Florida.

Frank Huth sold his residence property in the east part of town last week to W. F. Swift of Springfield, who will soon move here, and Mr. and Mrs. Huth will move to their farm. Mr. Swift always resided here until moving to Springfield a few years ago, and Waverly people are glad to welcome him back.

Miss Sallie Batty went to Springfield last week for a visit with her brother, E. H. Batty. She had been spending the winter with relatives in Cleveland and came here to visit her cousin, Mrs. J. H. Diddle and attend to business matters.

Floyd Deatherage of the University of Illinois Dental School of Chicago, has returned to his work after a short visit with home folks.

Mrs. Ora White of near Fowler was given a birthday surprise party recently at the home of her sister, Mrs. Lulu Dwyer.

INCOME TAX NOTES

The following statement is issued by G. W. Schwaner, collector of internal revenue of the Eighth District of Illinois:

Changes wrought by births, deaths and marriages during the last year affect materially income tax returns for the year 1923. Millions of babies were added to family circles. For each, the parents, in addition to the personal exemption, allowed married couples, are entitled to a \$1,000 credit for a dependent.

Boys and girls who become self supporting and whose parents allow them the use of their earnings without restriction, form a new class of taxpayers. Each must file an income tax return and pay a tax on his or her net income, if such income was \$1,000 or over. The earnings of dependent minor children who have not been "emancipated"—allowed the use of their earnings by their parents—must be included in the parents' return of income.

Widows and widowers who lost their spouses during the year 1923 are especially affected. Unless remarried on or before December 31, 1923, or the head of a family, they are allowed only the \$1,000 exemption granted a single person.

Widows and widowers are not required to show on their individual returns the income of husband or wife up to the time of death. The income of a decedent is considered separately, and a return must be filed by the executor or administrator of the estate. The executor or administrator who makes a return for a decedent is entitled to claim for him his full personal exemption, according to his status as a single or married person at the time of death.

In an individual return the taxpayer's status as of December 31, 1923, determines the amount of his exemptions and credits. If on that day the taxpayer was married and

living with wife or husband, the exemption is \$2,500 if the couple's net income for 1923 was \$5,000 or less and \$2,000 if the net income exceeded \$5,000. If single, the exemption is \$1,000.

If, on December 31, 1923, a single person, because of some moral or legal obligation, was supporting in his home one or more relatives over whom he exercised family control, he was the head of a family and is entitled to the same exemption granted a married person. If his support of such relatives ceased during the year, he is entitled only to

the \$1,000 exemption. If a dependent dies during the year, the \$1,000 credit for such a person is not allowed.

Taxpayers are reminded that the period for filing returns ends at midnight of March 15. Failure to file within the time prescribed renders the delinquent liable to heavy penalties.

The War on Waste

Waste is the result of misdirected energy. It is like dirt—matter out of place.

The history of Standard Oil Company (Indiana) success may be summed up in two words "Industrial Husbandry" which is another way of saying "Eliminating Waste."

In a big organization such as the Standard Oil Company (Indiana) there are innumerable opportunities to waste time, effort and material.

By intensified organization, by providing proper facilities, abundant raw materials, pleasant working conditions, and by encouraging initiative—the Company makes it possible for every man in its employ to develop the best there is in him and to conclusively prove his worth by his achievements.

Through intensive study and extensive research and experiments, the Standard Oil Company (Indiana) has found ways to recover more than a score of useful products from waste—products that fill a definite place in the commercial or domestic affairs of mankind.

Time was when gasoline was waste in the petroleum industry. Today, it is the major product.

Perhaps the outstanding example of Standard Oil Company (Indiana) achievements, in eliminating waste, is in the increased yield of gasoline per barrel of crude made possible by processes discovered and developed in its laboratories.

This achievement is the greater because of the imperative urge for more gasoline.

In 1918 there were 6,146,617 cars and trucks registered in the United States. In 1922 there were 12,239,114—or an increase of nearly 100%.

In 1918 the industry produced 326 million barrels of crude, as against 501 million barrels in 1922—an increase of only 53% plus.

Statistics show that while less than 10 gallons of gasoline were recovered per barrel of crude in 1918 that the industry increased the yield to more than 12 gallons per barrel in 1922.

This increased yield was due largely to the process as developed by this Company, and without such an increased yield the price of gasoline unquestionably would be higher.

Thus does the war on waste, waged so intensively by the Standard Oil Company (Indiana), redound to the lasting benefit of mankind and also enable the Management of this Company to give a satisfactory accounting of its stewardship to the stockholders now numbering 45,286, more than 11,000 of whom are employees.

Brush Up On Brush Values

Some brushes are good brushes, most brushes are not so good. The fact remains however that you should buy a brush that represents fullest value for the amount of money you spend, whether you put ten cents into it or a dollar. We carry as fine a line of brushes as any drug store could handle. We know all about the quality of each, we tell you plainly, we tell you truthfully, we tell you honestly. It matters not what kind of a brush you want we are sure we can supply your brush needs if you will only ask us first.

The program was followed by a social hour at which time several contests were held. Mrs. Neill and Mrs. Obermeyer being winners of prizes. At the close of the afternoon the hostess served refreshments.

Birthday Party Held by W. R. C.

The local branch of the Woman's Relief Corps held its annual birthday party yesterday afternoon at the home of Mrs. Frank Correa on West Walnut street. A good majority of the membership attended. The house was decorated in cut flowers and flags.

A program of music and recitations was furnished by the following children: Wendell Sturgeon, Helen Faust, Velma Proffitt, Elaine Tiff. The program was followed with a social hour and refreshments. The hostesses were Mrs. Anna McCormick, Mrs. Mary Jordan, Miss Nellie Spreen, Mrs. Laura Tiff and Mrs. A. W. Bambrbrook.

Scout Troop Entertained Friends

Members of Boy Scout Troop Number Six entertained their girl friends at a dinner last night at the Pilgrim Memorial of the Congregational church. After the dinner had been served by members of the Young Women's Guild there was an informal program of toasts with Harry Alexander, scoutmaster, presiding. Those who responded were David Lander, "Our Friends"; A Toast to the Scoutmaster; Margaret Benson; "Our Troop"; James Vossler; "Greetings from the Guests"; Dorothy Fiedler; "Scouts and Scouting"; William Walton.

After this part of the program adjournment was taken to the social rooms for games and music. Mrs. and Mrs. G. H. Stuckey were special guests. The occasion was one of the most enjoyable in the history of Troop Six affairs.

Lodge Members Had Enjoyable Time

The Eastern Star lodge entertained its members with an attractive Valentine party Thursday night, which included a program of songs by Miss Fern Haigh, and readings by Mrs. Charles Ratachak.

Games and amusements had been arranged for by committees in charge, with the photo-guessing contest the most popular one of the evening. Prizes were awarded in this contest to Mrs. G. B. Kendall as the winner, and to the loser.

During a business session plans were made for a Hard Time party which the order will hold February 19.

With the conclusion of the program refreshments were served during an informal social hour.

WHITE HALL CHURCH IS BEING IMPROVED

Basement Facilities Being Added to Christian Church—Other Items From White Hall.

White Hall, Feb. 15.—Work has begun on excavation that will give basement facilities to the Christian church to an extent that will practically double the capacity of the church. The basement has heretofore accommodated only the heating apparatus, and it is now proposed to deepen the basement and carry it throughout the building. The heating apparatus will be given a new location, kitchen facilities provided, and accommodations for the primary department and social gatherings will be another result of the improvement.

Since Rev. M. P. Pierson became the pastor the first of the year, this church has developed its resources and personnel to a large degree in an unobtrusive manner. The men's class had an attendance of 49 last Sunday. It is taught by Miss Georgeine Piper, a teacher of history in the high school. Rev. Pierson says that the social life of the church has always been restrained for want of quarters that now seem assured for carrying forward a full and healthy church life.

Twenty-two lambs from ten ewes is the record claimed by John McCollum, residing five miles southwest of White Hall. The lambs are now one to two weeks old, and the only loss is two lambs from among the four ewes that had three lambs each. This is believed to be a notable record in sheep raising.

Mr. McCollum is a sheep-raiser of no small proportions and he has never scored such a record in his long experience. The late William Bradshaw was a sheep raiser for over fifty years and it was a rare thing that an ewe gave three lambs. The same holds true with other long-time sheep raisers.

In more recent years, however, the sheep industry has lagged because of the onslaught of sheep-killing dogs, and Mr. McCollum is perhaps the leader in this section at the present time. He has made a success of early lambs, and his February stuff is always ready for the high fall market.

ROUTT UPSETS ALL BASKETBALL DOPE

In Hot Game Trim Chandler-ville High Stars by Close Score of 18 to 16.

The old dope bucket fell with a crash Friday night at Liberty Hall when John Conner's Routt High five carried away the big end of a 18 to 16 score from the Chandler-ville High in a game that was a whiz through and played before the largest crowd assembled this season to witness Routt in action. Both teams showed wonderful teamwork and were about equally strong on defense.

Although local admirers of the Eastenders hoped strongly for a victory it was not generally believed that they could turn the trick against a team bearing the reputation of which Gebert, showing a phenomenal work on the floor, being practically all places at once, and with the good eye for baskets possessed by March, these two having perfect assistance from the rest of the team, the locals came across by hard work just before the close of the game, while Chandler-ville were unfortunate enough to make a basket at the very moment of the blowing of the whistle, the score not being allowed.

Chandler-ville did not score until the second quarter, the first ending 12 to 0. March dropped one in within the first minute of play and this was followed by another by Norris soon afterwards. After a session of close guarding Gebert and Norris hooked two more in succession. In the second quarter Norris and March again dropped a pair through the hoop and Chandler-ville registered for the first time during the game with a long one. Both teams slowed up considerably during this quarter, the ending showing 12 to 8 Routt. In the third period Chandler-ville registered the first score of the quarter with a spectacular underhand throw but March came back with two baskets which ended the scoring for the quarter which ended 16 to 12 Routt. In the last quarter Chandler-ville tied up the score and it was nip-and-tuck affair from then on until near the end and when March untied the score, giving a glorious win to Routt.

I. S. D. MET DEFEAT AT BATH, 30 TO 62

Locals Played Fast Game Against Mason Quintet—Miller Starred in Second Half.

In a fast clean game the School for the Deaf Tigers met defeat at the hands of the high school team at Bath last night, by a score of 30 to 62. The first half showed the Bath quintet in the lead by a score of 18 to 4, Walker and Ochs starring for the Mason county boys. In the second half, Miller, running guard for the I. S. D., team, began putting them thru the hoop from the center of the floor. He and his team mates were so efficient that they raised the score 18 points to their opponents' eight during the half.

It appeared that the Bath guards had Taylor's number. They were determined that he should not get a chance to exhibit his unerring marksmanship in shooting baskets. They did their work so successfully, that Taylor was unable to make any baskets during the game. The referee was Kerchner of Havana.

GENE TUNNEY WINS FROM MARTIN BURKE

NEW ORLEANS, La., Feb. 15.—Gene Tunney of New York, successfully defended his American Light heavyweight title against Martin Burke of New Orleans in a 15-round bout here tonight.

Tunney won practically every round, showing plenty of speed and ability to deliver hard blows with both hands.

The crowd hussed Burke from the gate road on, because of his handling tactics.

Tunney weighed 177½ pounds and Burke 182½.

COLLEGE STARS TURN PRO—Many college football stars don't seem to take seriously the opinions expressed by Coach Staggs at the University of Chicago, relative to professional football. Already a number of players who graduated in June have signed up for the coming fall.

MILLIKIN-ILLINOIS TILT ON TODAY

Is Believed That Tight Contest This Afternoon at David Prince Gym.

The stage is all set for the big basketball game to be played this afternoon at David Prince Gymnasium at 4 o'clock by the Millikin and Illinois College teams.

There is only one method of comparison as to the relative strength of the two teams which will battle the afternoon. That method is a comparison of the scores made by Millikin and Illinois College in the games which these two teams have played with the fast stepping Eureka five. Some time ago Eureka trounced the Millikin team 26 to 19 on the Millikin floor. It is conceded that playing on the home floor where the players are all familiar with the surroundings and are supported by an enthusiastic body of students and loyal fans, the Eureka team was able to make several points to the home team. In the game with Eureka the Millikin team was trailing at the end of the first half by the score of 11 to 3. Eureka won by a margin of 7 points.

On the other hand Illinois lost to Eureka on the Eureka floor last Tuesday night by the score of 39 to 29 in a fast and furious contest in which Illinois led the Eureka boys at the end of the first half by 17 to 16. Two sensational goals from the center of the floor by the Eureka boys in the last minute of the first half and two more shots of the same kind in the opening minute of the second half were instrumental in turning the tide in favor of Eureka. Eureka won by a margin of 10 points compared with the lead of 7 points in the game played earlier in the season on the Millikin floor.

A week ago Millikin lost to the fast Augusta College team on the Millikin floor by the score of 19 to 18. The next night the Augusta team won from Millikin by a margin of one point, winning the first game which Lombard has lost this season to a team of this Conference. Last Tuesday night while the Illinois team was losing to Eureka at Eureka, the Millikin team was being trounced for the second time this season by Wesleyan and the game was played on the Decatur floor. Wesleyan won by 27 to 21.

All of this dope does not count for anything, however. The teams will play this afternoon on the past performances of the five. They will triumph or taste defeat today according to the kind of game they deliver for forty minutes beginning at 4 P. M. If the Millikin team plays as it did against Augusta and the Illinois team steps as it did against Eureka there is bound to be a real game this afternoon. If either team sags from this pace it is doomed to defeat.

Peters (Y. M. C. A., College of Springfield, Mass.), assistant coach at Wesleyan, and Eison (Washington) and Jefferson) will officiate.

The probable lineups of the two teams as they will start the fray this afternoon is as follows:

Illinois: Beecher, F.; F.; Switzer, D.; C.; Anderson, H.; G.; Arrington, G.; Forsythe.

Millikin: Beecher, F.; F.; Switzer, D.; C.; Anderson, H.; G.; Arrington, G.; Forsythe.

After Jury Awards Large Amount to Former White Sox Player, Case Is Dismissed

MILWAUKEE, Wis., Feb. 15.—Whether or not Joe Jackson, former outfielder for the Chicago club of the American League who today was given a verdict of \$16,711.04 against the club for salary under a contract to play baseball signed in 1920, will appeal from the decision of the court sitting aside the verdict and dismissing the case, will be decided early tomorrow it was said by Raymond J. Cannon, of counsel for Jackson.

Cannon said a statement would be issued at 10 o'clock following a conference of attorneys, associated with him in the case.

After the return of the verdict that gave Jackson almost all he asked for under the claim of breach of contract, Judge J. J. Gregory, trial judge, bitterly criticized the jury which returned it, declaring the case of Jackson was based on perjury, and of his own volition set aside the verdict and dismissed the action. During the trial Judge Gregory ordered the arrest of Oscar (Happy) Felsch, a former teammate of the plaintiff and a witness for him for alleged perjury on the stand. Jackson was arrested on a like charge at the conclusion of the trial. The former players are now at liberty under bond.

The Nut Cracker by Joe Williams

Prince of Wales takes weekly headspin off cockney dray horse, and skids with royal grace into royal headlines and swank hospital with one blue-blooded swoop.

"Somebody ought to buy that cockie a rocking horse or something," pipes up One-Round O'Goofy, backroom philosopher.

England subjects are alarmed and think Wales should keep off horse in future, whereas that is all he has been doing in past.

"This prince bird is like Joe Beckett," explains Straight Dope Benny. "He'll fall for anything."

Queen Mary's bouncing boy is all weighted down with hand-embroidered politeness. So accustomed to getting up and giving seat to shop girls in trams that he naturally feels all out of place sitting down.

I young gent is going to make practice of dismounting informally, they'd better change name of main joint from Buckingham to Buckinghamshire.

Why Wales Can't Hold His Seat (Some exclusive comments on grave situation by International authorities.)

PAPYRUS—It is ridiculous to think Lloyd George's hair cut has anything to do with it.

MAN O' WAR—Simple enough. Horse riding has always been known as sport of kings. Where does mere prince come in?

ZEV—He is not royal personage I thought him to be. He is just a wonder.

MORVICH—Trouble is he isn't thoroughgoing. He's what you might call an off and on rider.

In view of continued painful experiences, it is not likely that Wales will ever propose to trade, even up, his kingdom for a horse.

Enterprising Ringlings announce world's most sensational freak attraction, Bovo, only horse in captivity that has not thrown Prince of Wales.

Our Own Minstrels

"This Wales baby reminds me of a Harvard backfield man!"

"Why does the good prince remind you of a Harvard backfield man, Mr. Bones?"

"Because he's been thrown so often."

RIFLE MATCHES SET FOR AUGUST

WASHINGTON, Feb. 15. (A. P.)—The war department has given final approval to laws for the national rifle matches of 1924, to be held at Camp Perry, Ohio, from the latter part of August into October.

Four new trophies will be provided for winning teams. The first will be awarded to the highest team representing the organized reserves the second to the high man in the individual pistol match, and the fourth to the winning team in the National Intercollegiate Match.

Four periods of instruction and competitions for teams representing the various branches of the national defense organization will be allowed in advance of the matches. The civilian military training camps and the reserve officers training camps will have from August 30 to September 15 in which to prepare, the school of instruction for the national guard and civilian teams from September 6 to 13, the national Rifle association from September 15 to 24, the National Rifle and Pistol teams and individual rifle and pistol experts from September 25 to October 2.

JOIE RAY RACES IN NEW YORK TONIGHT

New York, Feb. 15. (AP)—Existing door track and field records will be subjected to formidable attack when a picket array of club and college stars match their speed in the Wilco A. A. carnival tomorrow night. More than 400 stars, including many champions and record holders are entered in eighteen events.

Joie Ray Chicago distance runner will be the chief center of interest for he will try for new records at several distances in running the 3,000 metre special.

RETURNS FROM CONVENTION—The recent convention of retail shoe dealers in Chicago was a very interesting event according to W. L. Shibe who was one of those in attendance. The convention continued thru four days and the sessions were all of a busy kind with matters of real interest to the trade discussed. The convention next year will be held in an eastern city.

THREE CONTESTS FOR ILLINOIS TODAY

URBANA, Ill.—The University of Illinois wrestling, swimming and basketball teams meet conference opponents Saturday. Michigan wrestlers and Iowa tank men come to Illinois while the Orange and Blue basketball team journeys to Wisconsin.

The Illini have had but one wrestling meet which terminated in a victory over Purdue. The Wolverines have met Ohio, Purdue and Iowa. Results show that Karbel, Doty and Rose of Michigan are worthy grapplers.

Coach Prehn has announced that the Illinois lineup will be as follows: McMillen, heavyweight; Laase, light heavyweight; Cant, Player, middleweight; Lutherberg, light weight; Mathis, welterweight; Kenny, featherweight; and Tossell, bantamweight.

The Iowa swimming squad will give the Illini keen competition. Wisconsin defeated the Hawkeyes 25 to 33 but Iowa was unable to use Griffin, the breast stroker. Klingman of Iowa broke the conference record in the 40-yard race when the Hawkeyes trimmed Minnesota. Hickox and McCullough are clever.

The Illini have engaged in one meet which they won from Purdue in a one-sided contest. The Orange and Blue are not overconfident, though, for they know that Iowa is a tough foe. Coach Mathis is placing reliance in Edwy, redox, plunger; McFarland, diver; back stroker; and in Mayer, Levin and Taylor in the free style events. Captain Sutton of the water basketball team who was ineligible because of low grades, has returned.

When the Illinois and Wisconsin basketball teams meet it will be a case of pupil against teacher. Ruby, the Illini coach, was a player at Missouri under McNeill, present Badger mentor.

Illinois basketball stock has fallen since the injury to Captain Potter. He received a twisted knee in the first minute of the Butler game. The captain's flashy playing was sadly missed in the Ohio game. He played a few minutes but the speed was absent. Karnes and Martin will likely alternate for Potter at Wisconsin.

Britton has overcome scholastic difficulties. Popken, also, has lifted a similar ban but a death in his family leads to uncertainty in his presence in the lineup against the Badgers.

Cord Lipe, guard, has recovered from injury and with Slim Stilwell, center, is playing a wonderful game. Stilwell scored 17 points against the Buckeyes, in the two Ohio games. The tall Illinois youth has made 25 points to 13 for the Buckeye pivotman, Cunningham, although the latter leads the conference scoring.

KIRKWOOD TURNS IN GOLF SCORE OF 78

San Antonio, Texas, Feb. 15.—The steady playing of Joe Kirkwood, former Australian open champion had its reward in the first 18 holes of play in the Texas open championship today when he turned in a card of 78. Bill McNeil of Shreveport, who had been looked upon as a dangerous contender for the title was erratic today. High scores predominated with few exceptions.

T. A. Calhoun who has been on a two weeks visit thru western and southern states passed thru the city yesterday on his way to his home in Franklin.

Lewis Roberts was a Franklin visitor in the city Friday.

FRED FULTON SCORES TECHNICAL KNOCKOUT Minneapolis, Minn. Feb. 15.—Fred Fulton, Minneapolis heavyweight scored a technical knockout over Joe McCann of Newark, N. J., in the fourth round of a scheduled ten round no decision contest here tonight.

Mr. and Mrs. N. J. Weimer of Bowling Green, Mo., stopped in the city for a short time Friday, while enroute to Wabash, Ind., for a visit.

CHICAGO AND PURDUE ARE ON EVEN TERMS

Big Ten Basketball Race One of the Best in History—Wisconsin May Give Leaders Hard Race.

Chicago, Feb. 15. (AP)—Although Chicago and Purdue tied for first in the Big Ten basketball race have the two lead positions safely in hand, three other teams are within striking distance.

Wisconsin, in third, has no more handicaps in the losing column than the leaders and consistent winning would place the Badgers alongside their rivals. Indiana in fourth, must display exceptional ability to overcome a handicap of three games lost.

Michigan eliminated itself for the present by the game lost to Minnesota.

Purdue and Chicago are on even terms, not only in games lost and won but in comparative scoring and defensive ability.

Games this Saturday are Indiana at Ohio, Iowa at Chicago, Illinois at Wisconsin and Purdue at Michigan.

Billy Evans SAYS

What may seem to be a difficult fielding feat, because of the rarity with which it is performed, does not always hold true. For instance, take the triple play, unassisted. Since the inauguration of major league baseball the play has been made only five times. Peculiarly enough the feat was performed twice last season, both times in Boston. Unquestionably the triple play, unassisted, is decidedly rare but not necessarily difficult.

It is obvious, that for one player to retire the side by making a triple play, unassisted, the whole situation must be more or less made to order.

It so happened that I was the umpire in the game at Boston last summer in which First Baseman George Burns of the Boston club made his unassisted triple play. It is something of a coincidence that Burns turned the trick against Cleveland, the club he is to play with this year. The play came with runners on first and second and Cleveland trailing by several runs. On the hit and run, the batter knocked a line drive directly into Burns' hands. He touched out the runner going to second and then beat the runner originally on second back to that base.

As I waved the third man out, Burns, with a smile playing over his face, turned to me and remarked: "Is there any one else I can touch to make it four."

Burns will tell you that during his career in the major leagues that he has made hundreds of plays far more difficult than his unassisted triple play, yet that is the one play that will go down into records, and stick there long after Burns as a player has been forgotten. The really commendable feature in making a triple play, unassisted, is not the execution of the play but rather the alertness of the mind in grasping the possibilities. The slightest fraction of a second delay on such a play would make impossible the successful completion.

As I watched Burns make history that afternoon at Boston, the thing that I marvelled at far more than the execution of the play was he way his mind grasped the situation.

The third and final out at second base was a rather close decision. Had Burns hesitated but slightly in his intention, the play would have failed to go over. Invariably in a triple play, unassisted it is the central feature rather than the physical execution that is deserving of praise. Of course, such a play provides a big thrill for the spectators, and from a playing angle there is seldom anything difficult about it. The play simply must be made to order to go over.

YOUNG STRIBLING TO MEET M-TIGUE AGAIN

NEWARK, N. J., Feb. 15. (A. P.)—Negotiations for a return engagement between Mike McTigue, light heavyweight champion, and Young Stribling, Georgia School Boy, boxer, to be held in the first regiment armory in the last week of March or the first week in April, virtually have been completed, promoters announced today.

The match will be for 12 rounds and under the New Jersey boxing laws which do not permit decisions, Stribling could gain his veteran rival's crown only thru a knockout or by winning on a foul.

McTigue and his youthful rival fought a 12-round draw in a riotous bout at Columbia, Ga., last October. Ever since that unsatisfactory encounter, which McTigue claimed he fought with a broken left hand, Stribling has eagerly sought a return match.

The youngster easily defeated Dave Rosenberg, well known middleweight at Newark on New Year's day and impressed critics in his first Metropolitan performance.

NEW YORK, Feb. 15.—A drastic decline in prices took place in today's active stock market on the widespread circulation of rumors that one of Wall Street's most prominent operators had switched from a bull to a bear position because of his belief that the Washington oil lease disclosures had undermined public confidence. Opening prices were irregular with the main tendency upward.

Bear attack, which has been concentrated on the oila switched to the steels and then took their speculative industrial. Rail shares held relatively steady until just before the close when they weakened with the rest of the list.

Average of 20 leading industrial stocks showed a net decline of about 34 points and the rails at 14 points.

LOCAL TROOPERS ARE BACK FROM HERRIN

Captain Wesley James and Company arrived in City last night—Consider Trip Vacation—Words of Praise for Treatment While Away.

The local Howitzer company arrived in the city last night about 11:30 o'clock from Williamson county, after a trip which they considered in the light of a vacation. "We had a fine time," "Wish we could have stayed a month," and other like expressions were heard as the local troopers gathered at the Loop Cafe for cats.

On all sides were heard words of praise for their fine treatment while they were stationed in the city of Herrin. They stated that they had nothing but the best of quarters and food and that the people treated them as if they were heroes from the battlefield. Everything was as quiet and peaceful when they arrived at their destination in southern Illinois as it is in Jacksonville. They were all surprised to find Herrin a city of prosperity, with fine buildings of up-to-date types and paved streets over the entire city. A quarter of a century ago Herrin was called Bruckhorn, a town which tumbled about a mudspit that passed for a road. Before coal was found near Herrin it was a pioneer paradise, where men fought out their differences with pistols on the main street. Then came the miners and new homes, business houses, churches and schools sprang up. Today it is a modern city.

Capt. Wesley James spoke when he remarked that the Jacksonville company was one of the two companies that drew the most of the favorable comment for their neat appearance, military bearing, and military courtesy. He said that every man under his command conducted himself as a soldier while on the trip.

Thirty-eight companies of troops were stationed at Herrin and they were lodged in the various public and lodge buildings of the city. The local company messed at the Jefferson Cafe, commonly called the Jefferson bar which has gained notoriety because of the murder of Constable Cagle there recently. However, the cafe and bar is now a first-class restaurant and excellent food was served.

The company was kept busy while on duty in the mining town from Revell which sounded at 6:30 o'clock in the morning until mess at 5:00 o'clock in the afternoon. Then passes were issued to those who desired to go out in the city. A large motion picture theater was open to every soldier in the city with no admission charge. On their schedule was a three hour drill period and the boys came back improved very much in army lore. The drilling took place on the streets of the city.

When asked as to the people's feeling in regard to future trouble in Herrin, Capt. James said: "The general sentiment of the people of Herrin is that they are afraid that as soon as the troops leave the city, trouble will start again."

Capt. James and his men hope to enlist 20 more recruits for their company so that the next time they are called out for duty they may go with a full company. This no doubt will be easy to accomplish after the company's first experience and the fine impression they have of it. The boys had a wonderful trip and gained a world of experience.

Those taking the trip to Herrin are as follows: Capt. Wesley James, Maurice W. Allen, George H. Withee, James E. Laurie, Charles W. Hoagland, Herbert Dodsworth, Robert LaRue, Alonzo R. Baker, Arthur H. Birdsell, Marshall W. Barber, William Harroff, Robert L. Baker, Fred H. Curtis, Sanford L. Coyne, William E. Christian, Paul Christian, Frank L. Fleberg, Harold W. Gillespie, Chalmers Haller, Charles Harney, William F. Inhoff, Wayne E. Lewis, John Martin, Lee Oliver Moss, John E. Reynolds,

Virgil O. Smith, Ralph S. Stuker, Eugene Thornton, Marion E. Walker, Everett E. McGlasson, James H. Westrope, Byron J. Winner and Carl T. Boatman.

PROFESSIONAL WOMEN IN REGULAR MEETING

Club at Gathering Last Night Decided to Undertake Work With Camp Fire Girls—Dr. Post Talked on Lincoln

The regular meeting and supper of the Business and Professional Women's club was held last evening at 6 o'clock at the Tea Tray. The hostesses included Miss Grace Pickett and Miss Grace Hagenbach, and Miss Louise Gellert.

The club decided to sponsor an organization of Camp Fire girls, the work to be directed by members of the club who are experienced in that line. The undertaking for the girls will be similar to that of the local Kiwanis club for a Scout troop.

Mrs. J. Bart Johnson, accompanied by Miss Gilliam, entertained the club with a group of vocal solos: "A Birthday" (Woodman), and "White My Caravan" (Haslam) (Gibbs). Dr. R. O. Post delivered a lecture on Abraham Lincoln, which was greatly appreciated.

The meeting dates for the club were changed from the first and third Fridays to the first and third Thursdays of each month.

ROTARY CLUB MEMBERS HEAR PROF. DODD

Noted Lecturer Made Address on U. S. President Before Rotary Club Members Friday

At the regular luncheon of the Rotary club at the Pacific hotel Friday, Prof. W. E. Dodd made an address on presidents of the United States. Vice President R. W. Woolston presided in the absence of the president, Dr. A. H. Dollear.

Added interest was given the program of the day by a solo number given by Miss Lucille Mackness, with Miss Alma Mackness as accompanist.

It was announced that the birthday anniversary of Rotary Feb. 23, President Calvin Coolidge will broadcast a message on Rotary from station WCAP, Washington, WAFB, New York, (high power) and WJAR, Providence, R. I. This will be at 10 o'clock p. m. eastern time, which is 9 o'clock our time.

In the course of his address Prof. Dodd paid a marked tribute to the late Woodrow Wilson, whom he referred to as another Lincoln. The speaker said that as time goes by the election of a president will become more and more important, as upon the decisions of the president of the United States depends the success or failure of this country but of all the nations of the earth.

Congress at Friday's session were C. D. Green and Harry Ferguson of Springfield; Prof. G. R. Pange, Dr. E. A. Norris, M. R. Range, George Adams, Homer Potter and Franklin Scott of this city.

WILL ANCHOR TOWERS FOR ELECTRIC LINES

New Construction Plan Will Be Followed by Illinois Power and Light Corporation for Transmission Line

CHICAGO, Ill., Feb. 15.—A unique device will be used to anchor the steel towers of the new \$250,000 electric transmission line to be built by the Illinois Power and Light Corporation from the power dam at Keokuk, Ia., to Galesburg, Ill.

A hole eight feet deep and 1-2 inches in diameter will be drilled where each leg of a tower is to stand. Dynamite will then be lowered into the hole and touched off, blowing a cavity at the bottom two feet in diameter. Concrete will be poured into the cavity and the legs of the tower set into it. After the concrete hardens the tower legs will be anchored in solid balls of stone embedded in walls of earth compressed by the exploded dynamite. It is the first time it is said, of the new anchor construction in Illinois, but one now being used in all modern building of steel transmission lines.

Material for the new line has been contracted for by the Illinois Power and Light Corporation. The Blaw-Knox Company, Pittsburgh, will furnish the steel towers; the Aluminum Company of America, Messina, N. Y., the wire; and the Westinghouse Electric & Manufacturing Company, East Pittsburgh, the insulators.

There will be 600 towers, each 65 feet high, in the line which will be 75 miles long.

Construction will commence as soon as the ground is soft enough to work. Engineers expect to have the line finished by fall.

LOCAL ATTORNEYS AT BAR MEETING

The meeting of the State Bar association, held in Springfield Thursday was attended by Attorney J. J. Reever, William Hargrove, Walter Bellotti, Walter Wright, Judge O. P. Thompson, David Thompson, Henry English, Morrison Worthington and Hugh Green.

At this meeting the young lawyers, who have completed their examinations appear before the supreme court and receive their certificates of admission to the bar and are also instructed as to their duties and privileges as members of the bar. These sessions were held in the supreme court room with the exception of the banquet, which was served in the evening at the Leland hotel.

Speakers for the day were, Circuit Judge E. S. Smith, of Springfield, who made the welcoming address; Judge Dunne, Judge Farmer, Judge O. P. Thompson, Judge FitzHenry and Roger Sherman, president of the State association of Chicago.

THIRD GREAT EFFORT AT DEMOCRACY FAILS

Dr. Dodd in Final Lecture Shows How Party and Sectional Antagonism Killed the Wilson Peace Program—Lincoln and Wilson Publicly Denounced.

The third great effort of the American people during the century and a half of national life, to realize democratic ideals, has failed, according to statements of Dr. William E. Dodd in his final lecture here last night. Speaking before an audience that filled the high school auditorium, the Chicago university professor closed his series of lectures, which were given under the auspices of the American Association of University women in this city. His topic was, "Wilson and the World War," and in his lecture he showed how Woodrow Wilson had failed to put over his peace program after he had won the war.

The war was won because of the entire American nation, for the first time in its history, did the bidding of its president without resistance. War went into the war with the spirit and it continued until the war was won.

However, in 1918 at the national election, the people sent to Congress a majority against Wilson, for whom they had voted in 1916. If Wilson had stayed at home, he would have had to fight Congress; by going to Paris, he had to fight Congress and Clemenceau.

The speaker contended that Wilson failed at Paris because he was a Southerner, and because he was a Democrat. Sectional and party feeling against him at home defeated his purpose abroad. Had Wilson, he died in 1919, either naturally or at the hands of an assassin, the Senate foreign relations committee would have favorably reported his peace program. When the remains of the war president were laid to rest in Washington a few weeks ago, there was not a Senator who did not feel that that body had done a great wrong, and that a great soul had gone to its reward. Dr. Dodd said:

Earlier Failure Cited
It appears from the words of Mr. Dodd, that Wilson's signal failure in establishing world peace was not his only failure during his life. He came to grief as president of Princeton University, where for eight years he tried to make the student body democratic and enforce habits of study among the students. When he left the presidency of Princeton in 1910, he was denounced at a gathering of four hundred of the alumni by an eminent man, whom he later rewarded with a high position in the federal government.

The speaker brought out one startling fact when he stated that he personally knew, that some well known men had called a conference with Col. George Harvey, to which the two ex-presidents were invited and which one of them attended. At this conference Col. Harvey was guaranteed a salary of \$100,000 weekly paper denouncing Wilson. The agreement was made, the paper was published, and Wilson was denounced regularly once a week. The American people read and followed the leadership of Harvey.

Lincoln Critics
Another surprise came in the lecture when the speaker told of a meeting held in Chicago six months after the funeral of Abraham Lincoln, in which Henry Ward Beecher denounced the martyred president and the cheers of the audience.

The names of the five hundred prominent people who sat on the platform are on record, and to read them would be like reading a directory of the North Shore. In announcing the fact that the third great effort at the realization of democratic ideals had failed, Dr. Dodd expressed the hope that another opportunity for another high point in the struggle would be offered. The only reason for failure he could give was that the forces of ruin were centred at work in the lives of men. Egoism and violence is the price of liberty, and who establish a democracy do not lie down to sleep at night with safety. We can only hope that some day democracy will be given a fair trial so that the majority of people will see it in force long enough to decide whether they really want it.
